Your child's homeworks will be listed in the Homework block on the right hand side of the page.

The screenshot shows a mobile application interface for a 'Homework' block. At the top, there is a dark blue header with the word 'Homework' in white and a small square icon on the right. Below the header is a red horizontal bar. Underneath the red bar, the text '10BH)' is centered. The main content area features a homework item: 'Complete Calculator program (Computer Science)'. To the left of this text is a small icon of a calculator with a blue speech bubble, and to the right is a yellow pill-shaped button with the word 'tomorrow' in black. Below this item is a thin horizontal line. At the bottom of the block is a large orange button with a white magnifying glass icon and the text 'VIEW ALL HOMEWORK'. Below the button, in small grey text, it says 'Developed by Overnet Data'.
