Coach logistics

- **There is one coach for the Geography trip, therefore students will only need to decide their groups for the rooming once we receive the logistical information.**

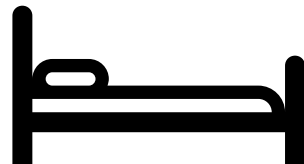

Rooming logistics – both trips

We are awaiting final logistics for the rooming

Students will be given an element of choice within the constraints of room sizes, gender breakdowns, group numbers and safeguarding.

They will be guaranteed to be with at least one friend. We won't have students left out – students need to be prepared to split up larger friendship groups and be sensitive to others.

Compromise and a mature approach is an expectation here

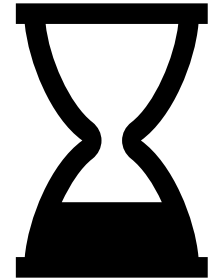

Practical information

Please ensure that you share/discuss the following information with your son/daughter.

Curriculum expectations

Key parts of the itinerary link directly to our History and Geography GCSE specifications, so it is vital everyone listens and fully engages with all aspects of the trip

There will be times when students will be asked to listen about key information about the places they are visiting

There will be no earphones/air pods or use of phones in an inappropriate way when we are visiting places on our itinerary

Students are Blue Coat ambassadors and must demonstrate respect at all times

Teacher groups

Your son/daughter will be placed in a teacher group

These groups are for when we need to register students in busy public places or split students into group for tours

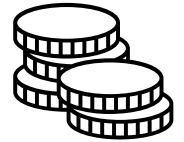

These are not necessarily the same groups as friendship groups or rooming groups, there will be wider reasons for choices for teacher groups that will not be shared

Students will be able to sit with who they want on the coach, who they spend free time with, and within reason, who they share a room with.

Coach lists and teacher groups will be posted in the Undercroft and at the top of AK in January

Money

Small amount of sterling money / bank card (approximately £70) to buy:

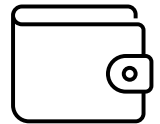

- **Drinks and/or snacks and dinner on the journey down**
- **Drinks and/or snacks and dinner on the journey home**

There may be some time for students to shop in London – but this is not the focus of the trip and not an explicit part of our itinerary

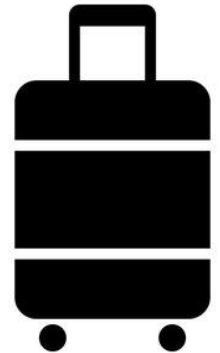

Students will keep hold of and will be responsible for their own money for the duration of the trip.

School are not accountable for any money stolen, lost or misplaced

- **Hairdryers and straighteners are okay but consider sharing**
- **Plug extensions are NOT allowed, they are a fire hazard**
- **Jewellery is allowed within reason, but any losses are the responsibility of the owner**

Use of mobile phones

- **The safety of all students is our priority concern**
- **Students need to be aware not to give out any personal information including social media handles to people that they do not know and to never share anything that might compromise their safety or wellbeing or themselves or another while in London**
- **School staff reserve the right on the trip to confiscate phones of any students if we believe their or someone else's safety has been compromised – just like in school**
- **We will contact parents/carers straight away if this happens**
- **You also need to be aware of appropriate use of phones while on the trip e.g. not being on our phones during the tours except for photos**

Behaviour expectations

As in school...

- **Students will be expected to maintain the professional working relationships that they have with their teachers during a working day**
- **Students are ambassadors of the school.**
- **Zero tolerance on banned substances such as alcohol, cigarettes, vaping**
- **During any free time (which is minimal) students must be in groups of 3 (minimum) at all times. If students are not, they will be asked to stay with a staff member. Students will be given a trip card and in case of emergencies: Run, Hide, Tell.**

Behaviour expectations

As in school...

- Students must take responsibility for managing the relationships that they have with peers
- Students must be respectful and mindful of members of the public at all times.
- Genuine causes for concern should be reported immediately to teaching staff, and not sent via text or phone call to parents/carers
- Students will be reminded of expectations across the trip

If students do not demonstrate they can act safely and in line with expectations, there will be immediate sanctions put in place and followed up on the return to school

Medical

- **Make sure you have any medication you may need for the trip. Students must carry this with them and not pack it in their case, as they will be unable to get into their case until the evening.**
- **Any spare medication handed to staff coach lead at school on the morning we depart.**
- **As a priority - please contact ecastle@blue-coat.org if you need to discuss / update any medical / medication concerns prior to the trip**
- **We will arrange 1:1 meetings with parents/carers in January for those students with more serious medical concerns**

Dietary needs

- School should be fully updated with your son/daughter's dietary needs
- Students should regulate their dietary needs for any snacks/drinks they bring or choose to eat
- We will soon email home with a menu choice for the evening meal out on day two. Please ensure you respond by the deadline given.
- Please email any questions/concerns to trips@blue-coat.org or ecastle@blue-coat.org if linked to medical concern
